## Quality materials united for stylish interior concepts

Casala's materials and finishes combine a harmonious blend of colours and patterns ensuring they both complement and integrate effortlessly with each interior concept for professional and public spaces. In today's world, the choice of materials is not just about design and functionality, but also about the broader impact on our environment. Our materials contain a high percentage of recycled content and meet various standard certifications. We are continuously looking for innovative and sustainable materials and production techniques, while maintaining commitment to quality, sustainability and our philosophy "Design Linked to Functionality".
